e-Commerce		Quoted	Quoted

As with all Maros Business Consultant's sites all graphics and designs are custom and one off unless client specifies otherwise. All layouts and graphics are to be approved and to clients satisfaction prior to publishing site. Prices above represent the average pricing for web site pages. Content delivered electronically and it's quality dictate actual pricing. All text and graphics for use on each page would dictate a lesser price. Likewise no content delivered electronically would dictate a higher price than listed above. Home page pricing is as listed, regardless of content delivered. Every site will be individually proposed with "worse case / best case" pricing. All sites are guaranteed to fall within the said range unless site layout changes from proposal.

Please feel free to visit www.maros.com and go to "Web Services" for a listing of our most popular services. Also find available a brief portfolio of some of our work. We pride ourselves in offering unique web design packages that match or create a corporate identity per our client's needs.

Should you have any questions or concerns, owner John Maros can be reached directly at jmaros@maros.com or via mobile phone at 570.499.0235.
